THIS BOOK TAKES PLACE AFTER SCOURGE KILLS TIGERSTAR

I looked down at his twitching, bloody body. He disgusts me. I watch him die over and over and over. Sweet.
I looked up and see this Firestar looking horrified. Good, they should be scared.

"You see what happens to cats who defy Bloodclan." I warned calmly. "Your friend here"—i flicked my tail to tigerstars dead unmoving body—"thought he could control us.

"We don't want to control you, please hunt before you go home" The orange cat purred.
I was shocked.
"Go home. We're not going anywhere forest fool. We don't like living in the city. We will give you 3 days to make a decision, or we will fight and I bet you don't want to end up like your 'friend'."

I flicked my tail to single for my cats to leave. We walked until we could see our 'home'.

DAY ONE

"SCOURGE" Bone yowled. I opened my eyes to see Bone standing in front of me.
"You DONT have to yowl" I growled.
Bone backed away so I could get up and out of my den, well cardboard box.

The sun was shining, ugh.
I walked towards a family of weak cats, picking at a dead mouse.

"H-hh-hey scourge" the tabby she-cat mewed. She was clearly terrified.

"Hey Flower, how's the mouse" Her kits crawled behind her back. Mouse brains, You can't always be scared. Those kits wont live to see another day....

"Scourge!" I turn around to see Stone jogging towards me.

"We found some strays trying to steal our prey" He growled.

"Show me to them"

Bone toke me over to the stray cats, they were huddled over by a corner, fear hiding in there eyes.

"Who are you? Why you stealing OUR prey" Bone hissed. I just glared at them.

"Um NO...er take all the prey you want." I flicked my tail to signal Bone to go over to the trash cans with me to talk.

"Why did you say that!" He hissed

"Cause remember, Tigerstar, Forest."

Bone stared at me with a 'I have no idea what you're talking about' look on his face but then it changed to a 'OHHHHH I know what you're talking about now' look on his face.

"Exactly" I meowed. "Were going to get ALL the prey in the forest soon, In 2 days". I mewed, turning away and walked towards a trash can for some food.

NIGHT 1

"S-Scourge" a kit came up to me, fear in its eyes. It was the tabby's kit that was eating the food by the trash.

"Yes" I looked into the kits eyes.

"Umm, My mother is er s-sick" She looked down. She knows what happens to cats who are sick in Bloodclan.

"Show me her"

The kit, Amber, lead me towards some trash cans, where there was a cat laying by them, coughing.

Amber went and hide behind some boxes, probably where her family is.

"Follow me. I meowed in an icy tone.

We went over to the dumpster, my throne, and other cats starting gathering around, wondering what was happening.

Crowd or not, this cat is dying tonight.

I hissed and Bone leaped on her, cutting her with his claws. She tried to fight but she didn't have the strength too fight.

#########

She laid on the ground, cuts everywhere and fur ripped out at places. I walked over to her, she looked up at me in fear.

"I know you don't want this but its the only solution, we don't want any sick cats around"

"B-B-But who will take care of my kits?" She coughed. Her kits, right.

I looked around for any cat that might want her kits. No cat spoke up. I guess that means one thing.

"BRING HER KITS" I yowled. Bone brought them over. Amber, A white and gray kit and a black kit.

"Now since no cat wants them, They will join there mother" A yowl broke off, Their mother.

"Bone. Bring the kits over here, Their mother will watch them suffer."

I looked down on Amber. I coldly gazed at her. Bone had the black kit and Stone had the white and gray kit.

"Please don't, please" Amber whispered. I thought for a moment, Amber seems like me when i was young, she reminds me of myself.

"Amber, i will spare you, Just play dead somehow" She looked shocked, I usually don't spare cats.

"NOW" Bone hissed and he and Stone clawed at their kits necks, killing them at once. I went over too The mom and killed her too, with one blow.

I looked at Amber and i saw something in her eyes. They weren't hurt or sad..

They were ice cold.

She's old XD

DAY 2

I still can't get the look off of Amber's face when I killed her mom. She didn't seem sad at all, she seemed....happy.
"Scourge" I heard Claw calling me. I faced him.
"Should we get rid of the body's or...." He asked, tail twitching.
"Sure, put them over by the trash cans on the next block so some dogs can find them". Claw nodded and started dragging Flower and her kits body's.

I looked around until I felt a cat sit next to me. Amber.
"Scourge, I know this might be to sudden but.....can u teach me your ways?" I stared at her, shocked.
"Why should I show you my ways" I narrowed my icy blue eyes at her.
"Because you should" Amber hissed. She then realized what she did and backed away.
"I-I'm sorry" I was confused.
"For what? Hissing at me. I get hissed at alot so don't worry, well some cats do get a punishment...." I was worried that I was scaring her. Nah, she watch her mom and siblings die. She's brave.
"Oh, so....yes?" She wanted a answer. I couldn't though.
"I'd do it but I have Bone with Me, I don't need another main follower." I turned away and padded over to Bone.
"Hey Scourge. What does she want" he glared at her, his tail twitching furiously.
"Don't worry, she's not replacing you as my deputy". I calmly spoke.
Bone said nothing but narrowed his eyes at me then padded away.
NIGHT 2
I laid awake. I can't stop thinking about Ambers look she had on her

face when I killed her mom. Ya Bone is fierce, strong and loyal but Amber-
"Scourge. We need you, Now!" I narrowed my eyes to recognize Claw.
I slowly got up, stretched my back and walked towards him.

A cat sat in the middle of the area with Bone and Stone guarding him, his tail twitching.

"Im Darkstripe. Scourge, I've come to talk to you." The cat purred.

"About what" I hissed. If he is going to try-.

"No no. About the forest, see I come from A Clan and there planning to join together and fight you so here's the details about everything. He leaned in and whispered everything that he had to say.

Clever boy....

FINAL DAY

Its time I thought. Bone came up to me with our toughest cats behind him, including Amber, I looked at her, she looked at me.

"Are you ready" I nodded.

Lets go.

We walk into the forest, the grass feels so good against my paws, a bird flew through the trees and a mouse scurried under a bush.

We padded over sticks and grass until we reached a giant rock.

I lead my cats over to it I we sat down and waited. Eventually I saw a orange flamed pelt through the bushes.

A/N THE PARTS THAT NOW ARE UNDER LINED ARE FROM THE BOOK.

"Come out, I know your there" I meowed, calmly licking my paw.

They came out, so much cats but Bloodclan weren't afraid.

We were thrilled with hunger for blood.

"Greetings, have you decided to leave yet or do u think you can fight Bloodclan" I meowed once all the forest cats sat down across from us.

"We don't have to fight, We will calmly let you go back to the twoleg place in peace" The orange freak meowed.

Oh u have made a BIG mistake.

I let out a cold icy meow. "Go back? Do you really think were cowards? No this is our home now" I hissed, my claws tearing at the ground. Firestar looked at my cats, fear in his eyes. I bet he's thinking about me tearing that other cats belly, good.

"The forest is ours" Firestart meowed, trying to make peace. "We rule here by the will of StarClan".

"Starclan!" I hissed. "Tales for kits. Forest fool, StarClan wont help you now." I jumped up, snarling. "BloodClan, ATTACK!" We lunged forward.

"Lionclan ATTACK!" Firestar hissed, all signs of fear gone.

He leaped toward me but I dodged him, sending him flying into another cat. I will deal with him later, now lets fight for what we come for.

I searched to crowd for cats to kill but i couldn't find any. I saw a gray tom with yellow eyes leaping towards me. I pouched back at him, snarling. He bit into my shoulder and I yowled with pain but I soon enough get enough strength to knock him to the ground. I hissed at him.

I looked up to see Amber fighting a orange cat with green eyes. I slit the cats throat that was under so that he was died and ran over to her.

"It looks like we're winning" She meowed throwing the cat to the ground. It got back up and ran away. Mouse brain.

"I'm going to call in the others" I yowled a long caterwaul and even more cats appeared from the bushes.

"THIS WILL BE OURS AT THE END OF TONIGHT" All the bloodclan cats yowled with agreement but the clan cats stared in shock at the cat army that appeared out of nowhere.

In a few minutes it all turned back to furry fights and yowling.

"Gorsepaw! GORSEPAW!" I turned to see a cat bended over a cats body. Hahahah he's died. I rushed away.

I found myself at a big rock and I pounced on a cat and starting to rip at him.

REOWWWWWW

I turned to see what made that noise. I turned to see Firestar leaping towards me.

"Firestar" I hissed.

Firestar landed on top of me, planting a paw one my neck.
I wiggled away before he could bite me and I moved the dog teeth on my collar across his shoulders. He yowled.

But instead of fleeing he jump back towards me, sending me flying at the rock. I was stunned but I got up but Firestar bit my foreleg. I wiped my claws at him, sending him pain once more. He lost his grip on me.

I ran on top of him and raised my paw preparing for a death blow, he tried to get away but hi couldn't and that's when I put my paw down and give him a death blow. He got limp under me and I killed off.
